“ Barbara was such a great person! I went to water aerobics at TC3 with her and she was the life of the party. She told me an easy way to count the number of laps she walked within the school before the aerobics began, use pennies. She would put three pennies in one pocket then as the lap was completed she would switch the penny over to her other pocket! Easy, right! May you rest in peace, old friend!

“ Aunt Barb, you will surely be missed. I am so glad that I was able to see her in August (2019). At the time of my visit, she was smiling, cutting up, and barking orders to the staff (of course in a fun loving way). The staff seemed to be delighted in her personality. I recall many memories of Aunt Barb, but seeing her in full form in August is truly one I will cherish. God bless her and her family.

“ On one of my visits to Aunt Barb’s home, we tried each other’s determination. Without a doubt I am a very picky eater. I don’t remember what she served, but I would not eat it, She would not let me down from the table until I ate a portion of it. I sat at the table for a couple of hours before being let down, but I was not allowed to go out to play and not allowed to have any snacks. I was allowed to go out later after she talked to my mom about my stubbornness. I have thought about this visit several times over the years with great fondness of Aunt Barb. Visiting her home was always fun and just as hectic as my own home, kids on top of kids. She will be missed greatly.

OMG!! Yep! We've all been there. For some of us it was over, and over, and over! We didn't all learn that quickly.

“ So sorry for your loss. She was a great friend of my mother-in-law. She would tease her that she was younger (by 1 day). God Bless her and keep her in your hearts.

Alice Caughey - March 06, 2020 at 08:26 AM
