“ I always thought I would have one more day one more hour - the time came too fast and even 62 years of having mom in my life just isn't enough now that she is gone. I miss her and wish I could see her again. Until we meet again, Mom, I love you always.

“ Every time I visited Aunt Bea she just had to give me another plant. Almost all the plants at my house are from her. One day, it was raining so hard, yet she still had me go outside with her and help her dig up some plants to take with me. I will miss her.
