“ Dave was my wonderful next door neighbor for the 15 years I lived on Cedar Street. He was quiet and kept to himself, but I'll never forget him helping snow blow my driveway before I owned a snow blower and the banks were higher than I could throw snow. Or his generosity with things from his garden. He grilled a lot. I'll never forget how delicious all his food smelled. Whoever owns my hose now has lost a great neighbor.

“ Dave was a key person in my understanding of many of the aspects of my training at Pall. He didn't waste time with detail explanations but was always a very competent source for any real learning. Although not the most patient person for small talk he valued his Son and golf. Hold close your fond memories. Thank you for your patience with me.

“ I'll never forget his laugh and smile, his passion for hunting and he loved riding his Benelli motorcycle all over the land around our houses. He was also a very gifted guitar player. Rest in peace my cousin, until we meet again.
