“ My beautiful Aunt Dottie I dont even know where to begin. I will always remember the good times we had together and all the times you took me hunting with you. Some of the best memories I have are with you and Uncle Carl. I am completely heart broken that you are no longer on this side with us but you were obviously needed more in that beautiful place called Heaven. You are no longer suffering and no longer in pain. Keep everyone up there on their toes and give Nani and Papa a big hug for me. I love and miss you so very much. Until we meet again...Love your “Monster Child” (as you always called me)

Ah, Missy! I know Dottie fussed, fretted & worried about you, but only because she loved you so much! She often mentioned that she sure wished you lived closer. Thank you for sharing some good memories. When we were kids, she shot a pheasant & insisted on placing a glass bowl over it (it was cooked), so she could say she served us Pheasant Under Glass.
