“ *Andi and family. So sorry to hear of Shelley's passing. We regret that we didn't stay connected during Covid and after our retirement. Shelley had a sense of humor that was second to none. She put a smile on my face every morning during work. You had to have a hide of leather to fend off her comments. You were either laughing or crying when you left her office. I actually felt sorry for some of the applicants that came in the office. Shelley pulled no punches.*

She will be sadly missed. Remembering the good times will help you thru the grieving process. Rest in Peace Shelley.

“ *I'm sad to hear that Shelley has passed. I worked with her at McGraw Box for the brief months she was there. She lifted my spirits with her wicked sense of humor. It's been years since I've seen her, so I was happy to look through all of the uploaded pics - the ones with the pugs helping her sew made me smile. Andi and family, I'm so sorry - may your many good memories comfort you in the days to come.*

“ I met Shelley over 20 years ago when she hired me as a recruiter. I worked with her then for about 2 years and then 7 1/2 years ago I went back to work with her. She was an incredibly tough person and she never let her health issue stop her! She was definitely tough and you always knew where you stood with her but she was also an incredibly kind and generous person. She did so much for me and my family over the years! My family and I were so blessed to know her! She made me better at my job and she was always so kind to both me and my family. She and Andi would invite us to dinner and attended several different events for my daughters over the years. Give them hell up there Shelley, I know you will. You will be missed beyond words by me and my family!

You and your family meant so much to her. She talked about you and your family a lot. She enjoyed working in the office with you. That was her favorite time. You helped her more than you will ever know.

“ Some of my fondest memories with my sister was when I was a little girl and we would dance in our living room to Michael Jackson and the Bee Gees. She was such a great dancer and loved to dance. She always smiled. She loved everybody and she was the best sister I could've ever asked for.

“ Shelley has been part of our family for 28 years! Her sense of humor was always quick and funny. My kids always wanted to spend the night at her house , to see the dogs of course, but joke was on them. Shelley had a game of “who can pick up the most sticks” in no time at all her yard was clean!! But the kids didn't care because there was always fun to be had and great treats!! They loved going to Shelley's and Andi's! RIP my friend! You will be greatly missed!! The Augur's

“ Personally did not know Shelley but I did through conversations with Jessica. Many times I looked at the photo of the two that was always in same spot. We will gladly make a donation in her name to our ASPCA. I will make that around the 6 th when in that area. Andi, don't need to tell you Shelley will be missed by many.
